President's Message

Happy New Year Rotarians! It's hard to believe that 6 months have already passed. Time sure flies when you're having fun! Some great accomplishments we achieved last year include a successful car show, gaining 7 new members, having our first fireside, raising over \$4,000 for the Food Pantry Laguna Beach donation, and concluding the year with an amazing Christmas party. I appreciate all the donations and generosity from our members. I am looking forward to seeing everyone and continuing the next 6 months of my presidency.

We are starting this New Year with a bang! Thanks to Rene Williams for taking the lead on spicing up our website and social media platform for our club. This will bring exposure to Laguna Beach Rotary to our community. Our next major fundraising event will be Grapes for Grads. Jeff Redeker has been working hard organizing the event at the festival grounds and getting all the vendors together. We are projecting high attendance this year. We are very excited to have this event up and running again.

Katy Moss, our international chair, has been working on the International grant for Guatemala Literacy. We are grateful to our members for supporting this incredible cause. We are looking forward to all the good we will be spreading this year.

Jerry Immel continues to secure our future home in Laguna Beach. The top choices are either Hotel Laguna or 777 and we are confident we will find one soon! Looking forward to an incredible 2022!

President Wally recently received his Paul Harris Fellowship from Rotary Foundation Chair, Bob Elster

Welcome New Rotary Members!

BIRTHDAYS

January

Noel Johnson - 3
Stan Carmichael - 12
Pati Stoop - 20

February

Guatemala Literacy Project Update

Dear Katy,

Fueled by the coronavirus, this year has presented its challenges. But with your support, we've made exceptional progress reopening programs that provide critically needed health care, education support, leadership training, clean water and more. We've also opened portions of our new Center for Learning Innovation which has already allowed us to expand programs to serve even more people in need. The new Center will be completed in 2022. *Thank you!*
